

## ELITE PROFESSIONAL AMMONIA

### DIRECTIONS FOR USE:

#### ROUTINE CLEANING:

**Hard Surfaces, Appliances, Countertops, Bathtubs and Showers:** *Mixture:* ½ cup of Ammonia to 1 gallon lukewarm water. *Instructions:* Apply liberally with sponge or cleaning cloth. Change solution frequently to avoid rinsing.

**HEAVY DUTY CLEANING: Heavy soils, Grease Stains, Tar, Scuff marks and lipstick.** *Mixture:* Full strength. Always protect face and eyes. *Instructions:* Apply with spray bottle, sponge or cleaning cloth. Wipe Dry.

#### WINDOW CLEANING:

**Windows and Glass Surfaces:** *Mixture:* ½ cup of Ammonia, 1 pint of rubbing alcohol, 1 tablespoon of liquid dishwashing detergent (do not use more than 1 tablespoon to avoid streaking). *Instructions:* Apply with spray bottle, sponge or cleaning cloth, wipe dry.

#### WAX STRIPPING / STAIN REMOVAL:

**Floors, Tile and Carpet.** *Mixture:* 1 cup of Ammonia to ½ gallon of lukewarm water. *Instructions:* Presoak wax or soil buildup for a few minutes. Use adequate ventilation. Remove with mop or sponge. For carpet spotting, check for color fastness first. Apply to stain or soil with sponge or cleaning cloth. Wipe or brush until clean.

**STORAGE AND DISPOSAL:** Store Elite Professional Ammonia in a cool, dry place. Keep container tightly closed and in an upright position. Do not reuse empty container; rinse container and put in trash collection.

**Precautionary Statements:** Hazardous to humans and domestic animals. Avoid contact with skin or eyes. Harmful if swallowed. May irritate skin. Use with adequate ventilation and avoid inhaling fumes. For prolonged use, wear gloves.

### WARNING:

#### *Practical Treatment.*

#### **IF SWALLOWED:**

Do not induce vomiting. Give two glasses of milk, water or egg white mixed with water. Call poison control center or contact physician.

#### **IF IN EYES:**

Flush with lots of water for 15 minutes. Call poison control center or contact physician.

#### **IF ON SKIN:**

Flood immediately with large amounts of water.

PHYSICAL AND CHEMICAL HAZARDS. IRRITANT. Flush drains before and after use. Do not mix with other household chemicals such as bleach, drain cleaner or toilet bowl cleaner. To do so will release hazardous gases. Do not soak aluminum utensils in ammonia.
