

PREMIUM ICE & SNOW MELT

Item # GM50 50lb. Bag

PREMIUM ICE & SNOW MELT is a high quality, proprietary blend of calcium chloride and other salts. It will attack snow and ice down to -5°. It is fast-acting, efficient and tinted pink for easy spreading and less waste. When used as directed, it will not harm vegetation or the environment. This product is non-toxic.

APPLICATION: Apply product by hand or with a spreader when precipitation starts because this product will help prevent ice and snow from binding to pavement. It is excellent for use on driveways, parking lots, sidewalks, stairs, ramps and other walkway surfaces. For best results, periodically remove loose ice, snow and slush and re-apply product. Safe on all types of surfaces, including: concrete, brick, asphalt, etc.

COVERAGE: This product is applied liberally at a rate of 8oz. (1 cup) per square yard. The amount will vary depending on conditions and depth of ice and snow. More ice and snow will require application of more product.

PRECAUTIONS: When used as directed, this product is not harmful to grass and vegetation, however overuse or direct application to grass and vegetation may cause undesired effects. Avoid excess runoff into sewers and public waterways. Always wash hands after use and before eating, drinking or smoking. Avoid contact with eyes and skin and do not take internally. Refer to SDS for proper handling and precautions, including necessary personal protective equipment (PPE) that is recommended for use. This product is intended for use of ice and snow melt only.
