*\*Stone Care classes will be scheduled soon at the ProCenters.*

**Resilient Floor Care** – Learn how to obtain consistent, beautiful results every time. Learn how to develop a floor care program that provides desired results. From stripping to burnishing, we will address both conventional and high-speed systems.

**Restroom Care** – Designed for contract cleaners, in-house cleaning staff, cleaning supervisors and managers, this seminar covers new technology and tried-and-true methods and tools for cleaner and healthier restrooms.

**Carpet Care** – Having trouble with stains and spotting? Want to learn the best ways to treat your carpet without damaging it? This seminar helps you develop and maintain an appropriate carpet maintenance program. Covers all the basics and more, from vacuuming and wet extraction to tough stain treatment.

**Stone & Marble Care** – Stone floors require unique care methods in order to avoid costly damage. This seminar will educate you on the identification of stone surfaces and finishes, as well as their specific maintenance requirements. Ceramic tile maintenance is also discussed.

**GREEN SEAL™ GS-42 Standard Training** – The Building Wellness Certification Training program provides building service contractors (BSCs) and in-house facility/environmental services staff the training they need to meet the requirements of the Green Seal™ GS-42 certification program and the Cleaning Industry Management Standard (CIMS). Cleaning personnel and BSCs that are GS-42 certified provide building owners and property managers the ability to differentiate their facilities with the Green Seal logo and help them gain points toward LEED certification.
